

The Ross 45IV (Intake Vent) is a patented product with many design innovations. The Ross 45IV provides 20% more NFVA (Net Free Ventilation Area) than the competition with 45 Square Inches per piece. The Ross 45IV offers both a closed external baffle and internal baffling. The Ross 45IV is available with both a filtered and screened option. The Ross 45IV has passed the stringent TAS 100 A (110 MPH Wind & Water) test required by Miami/Dade County.

**ROSS<sup>®</sup> Manufacturing, LLC**  
Innovation in Ventilation<sup>™</sup>

- ❖ 45 Square Inches of Net Free Area per piece
- ❖ Closed External Baffle with Internal baffling
- ❖ Suitable on any pitch from 2/12 to 12/12
- ❖ Molded End Caps
- ❖ Bag of 30 - 3" roofing nails
- ❖ Screened and Filtered versions available

Ross Vents are **GREEN**

**RossBP<sup>®</sup> Vinyl Locking H-Mold**

U.S. Pat. No. D594,563

- ❖ A better alternative to caulk, non- flexible aluminum or coated aluminum H-Mold.
- ❖ Features locking lips that grip the siding creating a more solid connections and reducing the possibility of shrinkage and movement.
- ❖ The Locking H-Mold covers the butt ends of siding making for a more attractive finish to siding jobs.

**RossBP<sup>®</sup> Vinyl Drip Edge**

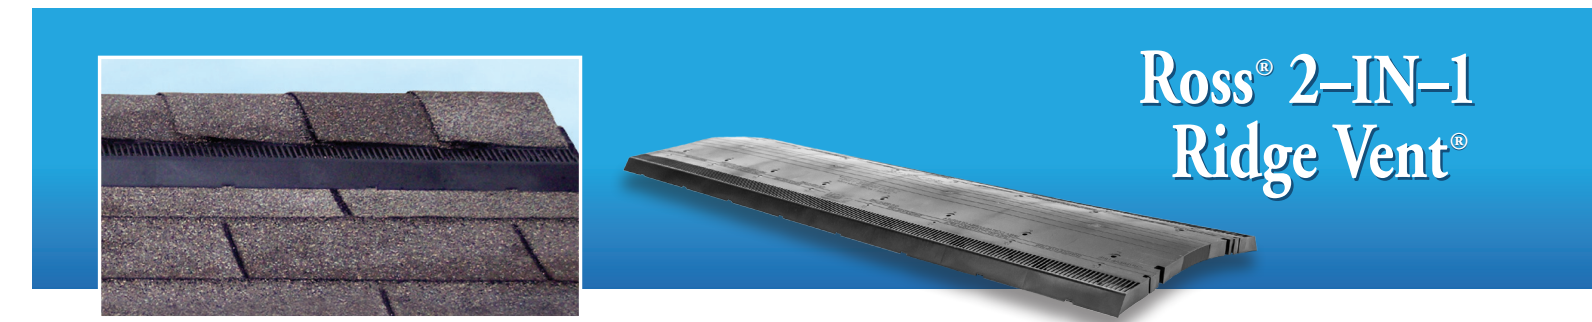

U.S. Pat. No. D957,694  
U.S. Pat. No. D1,033,686

- ❖ Will not Dent, Peel or permanently Bend, resulting in NO DAMAGE and NO SHARP EDGES.
- ❖ The color is throughout the products and is made of a semi-rigid PVC that allows the product to flex and ultimately prevents denting or warping.
- ❖ Each piece has a notch that provides extra strength and rigidity. This notch allows each piece to lock together.
- ❖ There is a 2" notch on the deck side that allows certainty that the overlap has met the 2021 International Residential Code.
- ❖ The Ross VDE is competitively priced.

ROSS<sup>®</sup> Mfg, LLC prides itself on developing innovative products that make sense for the builder. Our products are patented and leverage the advancement in plastics to create better quality and more competitively priced products.

## ROSS® 2-IN-1 Ridge Vent®

The Ross 2-IN-1 Ridge Vent is a patented product with many design innovations. The Ross 2-IN-1 comes standard as a 12" but can be converted to fit 9" cap shingles, as well as 10" cap shingles, by scoring the underside groove opposite the cut break line on top of the vent. The Ross 2-IN-1 offers 84 Square Inches of Net Free Area and is GREEN.

❖ Converts from standard 12" to 10" or 9" ridge vent

❖ 84 Square Inches of Net Free Area per piece

❖ Closed External Baffle – less likely to collect debris

❖ Male/Female Connectors

❖ Suitable on any pitch from 2/12 to 12/12

❖ Self Closing End Caps

❖ Bag of 30 - 3" roofing nails attached to each piece

## ROSS® 150 Roof Vent®

The Ross 150 Roof Vent is a patented product that has been tested and proven to perform. With its ingenious design innovations using recycled polypropylene there is no denting or rusting. 150 Square Inches of Net Free Area means fewer roof penetrations – saving time and money. And the Ross 150 is GREEN.

❖ Offers 150 Square Inches of Net Free Area

❖ Lower profile with many design innovations

❖ Larger nailing flange for ease of installation

❖ Suitable on any pitch from 2/12 to 16/12

❖ Priced competitively – save up to 10-15%

❖ Will not Dent or Rust

❖ No sharp edges – safe to handle

❖ Screened and filtered versions also available

## ROSS® 65 Slant Back Vent®

The Ross 65 Slant Back Vent is a patented product that has been tested and proven to perform. With its ingenious design using recycled polypropylene there is no denting or rusting. 65 square inches of net free area and a low profile means fewer roof penetrations and greater curb appeal. And the Ross 65 is GREEN.

❖ Lower profile with many design innovations

❖ Offers 65 Square Inches of Net Free Area per piece

❖ Suitable on any pitch from 2/12 to 16/12

❖ High Wind Deflector – prevents wind driven rain from entering vent

❖ Arrow Locking Mechanisms – prevent cap blow offs

❖ Crickets on all 4 sides of the throat helps shed water

❖ Screened and filtered versions also available
