2-YEAR LIMITED WARRANTY

Provided that the **Ross Vent** has been installed in strict accordance with **Ross Manufacturing, LLC's**, (**Ross**) written installation instructions, **Ross** warrants that its vent will be free from manufacturing defects during the span of 2 years from original installation date. Manufacturing defects **DOES NOT** include fading of vents. Fading is common amongst ALL roofing products and fading does not impede function or performance of the Ross Vents. Fading is purely a cosmetic issue. If fading occurs Ross products may be painted with a plastic approved spray paint.

Should any manufacturing defect occur during the 2-year period of the original purchaser (and as long as the original purchaser is still living and retains ownership of the property), **Ross** will provide replacement material for that portion of the product deemed to be defective (not including labor costs incurred in removing defective vent or installing replacement product). Proper documentation of date of installation and purchase must accompany any claims for warranty.

In the event of replacement according to the terms of this warranty, the original warranty on the replacement material will extend for the balance of the warranty period in effect at the time the vent proved defective.

The 2-year coverage offered by this warranty automatically ends upon the sale of the property or death of the last of the original owners of the property at the time of installation.

The 2-year coverage in this warranty is designed to cover individual homeowners only. In the case of the **Ross Vent** purchased by, or installed upon property owned by, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residences, the warranty period will be 2 years following the installation of the **Ross Vent**.

Ross reserves the right to discontinue or modify any of its products, including color, and shall not be liable as a result of such discontinuance or modification, nor shall Ross be liable in the event replacement material may vary in color in comparison to the original product as a result of normal weathering. If Ross replaces any material under this warranty, it may substitute products designated by Ross to be of comparable quality or price range in the event the product initially installed has been discontinued or modified.
